LANCASTER.

The Baptist Young people realized \$12 at their missionary open session.

Rev. J. E. Woolford immersed Sunday afternoon the 14 converts of their November revival.

Some of the followers of Isaac Walton have been out with their fishing tackle, but have met with indifferent luck.

Information has been received from Rev. C. M. Chumbley that he and his family will reach this place on Friday, April 4.

The Ladies' Aid Society will not have their regular Saturday meeting, but will have a call session at the residence of Mrs. J. C. Thompson on Wednesday afternoon at 2:30 o'clock.

At the recent old fiddlers' contest held in Nicholasville, the winners of both the first and second prizes, G. H. Seebrest and Mrs. Alice Crutchfield, are residents of this county.

J. L. Wiggins, of North Carolina, advertised for a large lot of horses and mules on yesterday and Burton's sale stable was full of these animals for the inspection of the Southern trader.

Elder A. R. Moore preached Sunday morning the second sermon of his interesting series on the Book of Acts, "The Early Growth of the Church." His next theme, Sunday 6, will be "The First Deacons."

Leander Davidson met with a painful accident on last Friday. A young horse he was handling became unmanageable and in the struggle for the mastery he was kicked on the arm, sustaining a fracture near the wrist.

The Ladies' Aid Society of the Christian church will hold their handkerchief sale next Saturday afternoon at the Stormes' store on Danville street. Light refreshments will be served and Miss Sallie Eikin will have on exhibition and for sale an artistic display of hand-painted china.

An attractive feature of the open session of the local W. C. T. U., on Saturday, was the rendition of the beautiful solo, "The Holy City," by Mrs. Jno. M. Logan. The entire program, previously given, was instructive and interesting. The following were appointed associate vice presidents: Mesdames A. R. Moore, Christian church; J. E. Woolford, Baptist; L. Robinson, Methodist; M. K. Kirby, Presbyterian. A committee was appointed to draft resolutions on the death of Mrs. F. W. Gresham.

Mrs. Joe S. Robinson is much improved after a visit to her mother, Mrs. E. J. Wallace, of Madison. Jas. Crutcher, of Richmond, spent Sunday in this city. Miss Allene Hudson, of Danville, is with Miss Elizabeth M. Hudson. Mrs. Dr. Letcher, of Henderson, and son, Oscar, are guests of Mrs. W. B. Mason. Mrs. H. A. Price and son, N. B. Price, spent Sunday with Dr. A. S. Price at Danville. Misses Bessie Ballard, of Paint Lick, and Bessie Jones, of Lexington, are guests of Mrs. Lee Hazan. J. Hunt McMurry and family, of Washington, D. C., have been visiting in the county. Ralph Anderson, Jr., leaves this week for Ada, I. T. Mr. Wm. Myers, of Middleburg, is the guest of his daughter, Mrs. J. H. Simpson. Mrs. Z. T. Rice has returned to Richmond.

Mrs. Mary Collier, wife of Coroner Moses Collier, was found dead in her bed on last Friday morning at 5 o'clock. It was a very great shock to the whole community, as she was seen on the streets late the evening before apparently in good health. After returning home she complained of feeling ill, and her husband and daughter sat up in her room until after 11 o'clock, when she assured them she was much better and prevailed upon them to retire. The cause of her death is ascribed to grip, she having suffered several attacks of that disease for the last two or three winters. Funeral services were held at the Christian church Saturday afternoon. Mrs. Collier had reached her 73d year, and leaves a husband, a daughter, Mrs. U. D. Simpson, and a son, J. B. Collier, to mourn her loss.

LA GRIPE QUICKLY CURED.

"In the winter of 1898 and 1899 I was taken down with a severe attack of what is called la grippe," says F. L. Hewett, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with grippe." Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by Craig & Hocker, druggists.

There are 15,000 deer in the Yellowstone National Park.

You will never wish to take another dose of pills if you once try Chamberlain's Stomach and Liver Tablets. They are easier to take and more pleasant in effect. They cleanse the stomach and regulate the liver and bowels. For sale by Craig & Hocker, druggists.

DANVILLE AND VICINITY.

Editor Henry E. Woolfolk has been appointed a delegate to the National Press Association.

Henry Lyons, the popular laundryman, returned Friday from a sojourn of two months in New Orleans. J. T. Mock has returned from Atlanta, where he shipped a car load of mules. He reports the market dull. Joe Jordan returned with him and is buying a carload of horses for the southern market.

Otto Ronoldo has challenged William Canter, alias Bill the Baptist, of Danville, for a heavy lifting contest to be pulled off in the opera house in this city. Canter has frequently lifted as much as 1,000 pounds and Ronoldo is among the champion weight lifters of the world. Canter prefers an eating contest to a lifting contest, however. He recently ate a half bushel measure of raw oysters at one sitting in Antonio Longo's wholesale fruit store in this city. At another time he ate a crate and a half of oranges and three or four days afterward 140 hard-boiled eggs. Probably some of the readers of the INTERIOR JOURNAL will doubt the above statements, but if they will come to Danville and put up the price for the goods, Canter will furnish the appetite any day in the week or Sunday. He has gained a national reputation for his phenomenal gastronomical feats, and has refused flattering propositions from traveling amusement concerns.

Mr. Joseph W. Irvine, the popular Alum Springs farmer, comes to the front with the first snake story of the season. It is truly wonderful. Friday afternoon he went into the field where his cattle were, to look after them. They appeared to be frightened and were ranting around like wild beasts. At first, he thought they were affected with black leg or smut colic, and became greatly alarmed. Around the straw rick which had served as shelter and feed, a great army of small animals seemed to be bounding into the atmosphere. Mr. Irvine approached the rick and was dumbfounded to find that the objects were black snakes, numbering, probably, five or six hundred. At the sight of the gentleman a regiment of racers made for him. He took to his heels and after a desperate foot race of 300 yards found refuge in a hickory tree. The reptiles coiled, bounded and issued their forked tongues viciously, awaiting the down-coming of the farmer that they might feast upon his life blood. After remaining in the tree for several hours, he became frightened and fired into his enemies with his Colt's revolver, killing 25, which he brought to Danville in a bushel basket. The remainder took flight and made haste to the straw, which was subsequently burned. Beneath were many holes in the ground into which the snakes had retreated. Mr. Irvine thinks they came to the straw rick last fall when the fires were raging in the knobs and that the cold weather came and compelled them to remain. Evidently they had just aroused from their annual Rip Van Winkles state of being, and their weakened condition due to a winter's fasting saved the farmer's life.

HUSTONVILLE.

Miss Frost, returned missionary from India, will deliver an address at the Christian church next Thursday evening at 7:30. Public invited and good audience wanted.

Myers & Lyon advertised a brown mare mule for sale in last Friday's issue of your paper, and on Saturday disposed of the animal to Chas. Coffey, of Moreland, for \$150. Advertising pays.

Miss Ellen Power, who has been unable to be at her post, will be by April 1. Miss Edna Carroll Camnitz is visiting the Misses Adams in Danville. Miss Bettie V. Logan left Saturday for Danville where, much to the regret of her many friends, she will make her future home. Mrs. Mary J. Weatherford, who has been quite sick, is convalescing. Mr. J. G. Weatherford and family have moved from Milldale to Danville, where they are conveniently domiciled in Homer Baughman's residence in the Otter addition. Mr. W. will devote his entire time to his business at this place. We are sorry they didn't locate here. W. B. Bishop and wife have returned to Ponca City, Oklahoma. Hon. M. F. North has returned from Frankfort, looking none the worse for wear.

HOW TO CURE THE GRIP.

Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grip, not one case has ever been reported that did not recover. For sale by Craig & Hocker, druggists.

The City of Mexico, with a population of nearly 37,000, still has an annual death rate of 52.1 per 1,000.

MR. LEWIS ROSSELL.

Mr. Lewis Rosell, who recently died, aged 84, was a remarkable man for his congeniality and activity of mind. He was the father of Mrs. A. E. Gibbons, of this city, and was well-known and much admired by a host of friends in Danville. In 1839 he began running the stage line between Danville and Frankfort, which he continued several years, later purchasing the route between Maysville and Lexington. He frequently remarked that he spent the happiest years of his life while conducting the line between Danville and Frankfort, owing to the fact that he had the opportunity of residing in Little Britain. He was a great admirer of Dr. John C. Young, and was a devoted communicant of the Presbyterian church, of which Dr. Young was pastor for more than 20 years. Upon one occasion a passenger from Baltimore boarded the stage at Frankfort with a number of other gentlemen. In general conversation he asked Mr. Rosell between what points he operated. When informed that the ends of the line were Danville and Frankfort respectively, the stranger with an air of sarcasm, asked, "where on the face of the earth is Danville?" "Well, where on the face of the earth have you been all your life that you have not heard of Danville and Dr. Young's church?" responded Mr. Rosell in a manner that indicated his surprise at the ignorance of the man from the East—Kentucky Advocate.

A prominent Mercer citizen was asked if he attended Danville court day. He replied: "No sirree! When I go to Little Britain, I never see anybody but duds and dummies. One class won't speak to a Mercer man and the other can't"—Harradburg Democrat.

A postoffice has been established at Horn, Letcher county, with Isaac J. Adams postmaster. The name of the postoffice at Collinsworth, Jackson county, has been changed to Sand Gap, with Abel Gabbard as postmaster. The postoffice at Eaton, Pulaski county, has been ordered discontinued after April 15.

When you wake up with a bad taste in your mouth you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse your stomach, improve your appetite and make you feel like a new man. They are easy to take, being sugar coated and pleasant in effect. For sale by Craig & Hocker, druggists.

Modern Drug Dealing.

The elements that enter into perfect drug service are, we believe, these: Competency, quality, courteousness and a fair profit policy. We endeavor to give all these the fullest expression. While in some things there is legitimate need of varying qualities, in medicinal drugs there is not. We handle one grade only—the highest—yet our prices are apt to be less than inferior are sold for.

THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

THE great cardinal principles of Democracy are an unfaltering belief in the doctrines laid down in the Declaration of Independence, devotion to the constitution strictly construed; the equality of all men before the law; equal opportunities for all in the battle of life, no privilege to one class that it may prey on other classes, no misuse of the taxing power under the operation of which the few may accumulate vast wealth at the cost of the many; no legislation that tends to concentrate the wealth and boundless resources of the country in the hands of a small number of "proprietors," a common bond of interest and friendship between labor and capital; the preservation of the reserved rights of the states; a vigorous and inflexible foreign policy which, while it commands the respect of all other nations, does not seek to subjugate distant peoples, deprive them of the same inherent rights we demand for ourselves, nor form dangerous and entangling alliances with foreign and especially European nations, made only for conquest and spoliation; continental expansion in the opportuneness of time and the exigency of occasion, but no subject provinces, no form of government anywhere under the flag save the simple republican forms of the constitution. Breathes there a Democrat of any kind or persuasion who cannot endorse these principles in every word and syllable.

THE river and harbor bill, carrying with it nearly \$61,000,000, was passed by the House without even the formality of a roll call, and when a New York Congressman attempted to secure a record vote he was met with jeers and gibes. Only three members seconded the demand for the aye and nay vote, showing how the average Congressman is out for the stuff and for the old flag, and an appropriation every time. A great deal of the money will be expended in vain and useless attempts to make some creeks navigable, but it will bring money into the districts and make votes for the members, who do not care for money if it comes out of the United States treasury, to their shame, be it said.

THERE are no signs of falling off in missionary zeal in the latest annual statistics furnished by Rev. Leonard. The receipts for general work are put at \$16,174,966. Of ordained missionaries there are numbered 5,074; lay workers, 3,332; wives, 5,742; unmarried woman, 3,414; total missionaries, 17,647; ordained natives, 4,169; total native helpers, 78,965; stations and outstations where regular preaching is maintained, 27,157; communicants, 1,326,522; added last year, 85,155; schools, 23,442; scholars, 1,089,237. Of the missionaries, 4,304, are from America and 13,090 from Europe and the rest of the world, while American societies report 397,340 of the whole number of communicants.

THE Crumpacker bloody-shirt resolution about southern elections and election laws has no other effect than to stir up the cold ashes of sectional animosity and make the solid south more solid. As a campaign document it will be worth many thousand votes for the democratic party.

CENSUS figures show that Kentucky leads the other States in the number of geese. Reference is had to the fowl, but the way the people of the State took to investment companies shows that Kentucky's lead in human geese is larger than in the other kind.

THE Lexington Morning Democrat appeared with a new head Sunday morning, which is more in keeping with the size of the paper. The other was too large and too flowery, and we are sure that its patrons will agree that the one now adorning the front page is appropriate and becoming.

THE Harrodsburg Democrat has just rounded out its 20th year. The good paper it is should live on until time ceases to be. Brer Lewis and Mr. "Izard" Grimes are making a model weekly paper of it and we hope they are making money as well.

THE Spanish war revenue taxes, that is, with few exceptions, have at last been repealed, the Senate having passed the House bill to do so without division. They ought to have been knocked out a year ago, if we are to have no tariff reduction.

THE author of that stirring sentimental ballad, "Ben Bolt," so popular many years ago, and revived by "Trilby," Dr. Thomas D. English, is dying at Newark, N. J., but the sweet old song will live as long as music hath its charms.

IT is sent out from Washington with tiresome regularity that the Philippine war is over, but the fact that the army appropriation bill carries with it \$90,501 94, seems to belie the statement.

W. L. Hunt, of Compton, will be the republican candidate for circuit judge against his democratic son-in-law, D. B. Redwine, the present incumbent, in the next race. It's dollars to doughnuts that Redwine wins.

Attorney General Knox, in a decision rendered upon the request of the Secretary of the Interior, holds that the public lands in Porto Rico formerly belonged to Spain, and by virtue of the treaty of Paris now belong to the United States.

The indictments against C. E. Sapp, Leonard Parsons and Joe Potoning, of Louisville, by the Federal grand jury, were made public. There are three bills, two against the three jointly and one against Potoning. They charge the levying of political assessments on government employees.

Gov. Beckham signed a number of bills, among them being the investment company bill, which was passed during the closing hours of the Legislature. He did not sign the anti-dock bill, which is the only one of importance which he has vetoed this year. In defense of his refusal to sign the bill he said that while recognizing the barbarity of the practice, it had resolved itself down to a matter of sentiment and business and that he thought it best to choose the business end to support.

There have been times when the wild beasts have been more merciful than human beings, and spared the woman cast to them in the arena. It is astonishing how little sympathy women have for women. In the home the mistress sees the maid with the signs of suffering she recognizes so well, but she does not lighten the sick girl's load by a touch of her finger. In the store the forewoman sees the pallor and exhaustion which mark womanly weakness, but allows nothing for them. It is work or quit.

Doctor Pierce's Favorite Prescription makes weak women strong and sick women well, by curing the womanly diseases which undermine the health and sap the strength. "Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"When I first commenced using Dr. Pierce's medicines," writes Mrs. George A. Strong, of Canaanville, Saratoga Co., N. Y. "I was suffering from female weakness, a disagreeable drain, bearing-down pains, weak and tired feeling all the time. I dragged around in that way for two years, then I began taking your medicine. After taking the first bottle I began to feel better. I took four bottles of Dr. Pierce's Favorite Prescription, two of 'Golden Medical Discovery,' one vial of the 'Pleasant Pellets,' also used one bottle of Dr. Sage's Catarrh Remedy. Now I feel like a new person. I can't thank you enough for your kind advice and the good your medicine has done me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

TURNED WATER ON.—Plumbers re, pairing the ja at Danville left the pipes open, and during their absence some one turned the steam and hot water on. Considerable damage was done in the building by water.

BINGHAM.—The Young Ladies' Society of the Presbyterian church have arranged to have Ralph Bingham appear at Walton's Opera House Tuesday April 1st. It will be remembered Mr. Bingham visited Stanford last Fall and by his wit, humor and pathos entertained a large audience.
